

Member-Get-a-Member Campaign

Make the Connection, Recruit a New Member Today!

COST members are the greatest testimony to the value of COST membership. We hope you'll share your personal and professional experiences with other industry tax professionals and practitioners so that you may expand your network and help strengthen COST. Each current member who successfully recruits a new member is eligible for special recognition and rewards.

Please share the membership application - [click here for corporate membership](#) or [click here for practitioner subscription](#). Remember to identify your referrals so we'll know who to recognize and reward.

If you would like us to send COST information to a prospective company or practitioner on your behalf, please send the contact information to Meghan McLellan: mmclellan@cost.org or 202-484-5221.

We appreciate your help in making COST an even stronger organization!
