	(Including Input GST)
	This is your chance to participate in a lively discussion of Canadian tax audit issues being raised by the tax authorities in Canada and Quebec, and the audit strategies for
	dealing with them. Audit experiences to be shared include a focus on transactions in and tying them to the General Ledger, desk audits, full audits with Canadian tax
	auditors coming to the U.S., what are auditors looking for, recapture of ITC's, ITR's on certain type of expenses, and more Canada Revenue Agency audit issues and
	trends!! What do you need to know for a desk audit? What kind of data is requested on a full audit? How do you reconcile your GL for the auditors? So, the audit didn't
	end as you had planned. What are your appeal rights? Do you have to "pay to play"? How long will this process take? This interactive session is to provide you with an
	overview of the objection and appeals process in Canada and what you can expect. Panelists will also discuss dealing with appeals officers, department of justice officials, and collections officers, as well as how the processes and procedures vary by tax authority and by province. 	Dealing with Canadian Tax Authorities & Managing Canadian Tax Disputes
	That's right, free advice from practitioners! This is your chance to question practitioners and get their views on various Canadian tax issues. The panel will discuss how
	to deal with Canadian federal and provincial tax authorities on an ongoing basis – including how to get guidance (e.g., rulings), make voluntary disclosures and the
	advantages of doing so, and managing overall risk. They will then discuss what to expect during a Canadian indirect tax audit – from audit, through objections, and to
	court, and how your strategy may vary depending upon the tax in issue, the jurisdiction involved, and the issue in dispute. When you should engage assistance from a
	practitioner will be discussed. The panel will also address trends including some of the new and evolving Canada Revenue Agency interpretations, as well as the
	Canadian tax authorities' approach to indirect taxes including their areas of focus and consideration of their risk assessment model and hot audit topics.
